

## High Purity Bamboo Wood Vinegar: Our Quality Promise

Discover the exceptional characteristics of our bamboo wood vinegar, meticulously crafted for purity and performance. We are committed to providing a product that meets the highest standards, ensuring both effectiveness and safety for your diverse needs, including

**large-scale agricultural and industrial applications.** With a production capacity of approximately 300,000 liters per month, we are well-equipped to meet significant demand.

As a natural product, our High Purity Bamboo Wood Vinegar boasts several key characteristics:

Characteristic	Specification
Clarity	Crystal Clear, Distilled
Impurities	Very Low PAH, Tars, Aromatic Compounds, or Cyclics
pH Level	Slightly Acidic
Odor	Pungent
Color Range	Transparent Yellow to Dark Red
Specific Gravity	Around 1

**Important Note:** As this is a natural product, these specifications may vary within a narrow range. Factors such as the season and natural source material can slightly influence these characteristics, reflecting the authentic and unadulterated origin.
